

St. Raymond Elementary School 2021-2022

Mr. Scanlon's Monthly Messages

October

Dear Parents/Guardians,

The first month of school is officially behind us. It is wonderful to hear our classrooms filled with the sounds of children. Each morning I listen to the first graders recite their numbers and sight words and I smile. We missed everyone last year. After school, the Extended Day Learning Program and our SETSS program have all begun. We continue to closely follow the safety protocols recommended by the CDC for re-opening schools safely. That is the only way these programs can remain viable. Unfortunately in phase one we cannot use the auditorium or the gym for our morning drop-off as we did in the past. Please try not to arrive too early with your child/ren. The morning entry at the main entrance takes on average 7 minutes for the line to dissipate. The other request I have is that you do not park on the school side on Purdy Street in the morning. Those spots are reserved for teachers of the elementary school and the Girl's Academy. If you park there and wait with your child, it prevents a teacher or staff member from getting into the building. Please remember the mandatory Fall fundraiser is underway and ends November 8th. Dante pictures will be here to photograph all students in grades PK3 to grade 7 for individual pictures on October 8th. Please submit the exact amount of money as no change will be provided. The students will be photographed outside. We will set up a tent if it rains. Please submit the exact amount of money as no change will be provided. We are finalizing the date for our general sacrament meeting this month. Stay safe and God bless.

Congratulations to Students of the month for October for acts of Care of Creation:
