Mr. Scanlon's Monthly Messages

October 2022

Dear Parents/Guardians,

We are quickly approaching the halfway point of the first marking period. The students have been working very hard on their studies. We will be sending progress reports home on October 12, 2022. Please look out for them. September was a busy month for our students. We held our first Family Faith Formation and our KG to grade 8 students took the FALL MAP Assessments. We will be looking at those results at our Data Day. You will get a family report with the first report card. Our sports program will officially begin this month. Ms. Guzman will provide a schedule for practices and games. Please take note of a change in the school calendar this month. KG to grade 8 students have no school on October 21 for Data Day. Take care and God Bless.
